Monitoring Plan Element 14

Communicate Results to Support Action

Final Community Air Protection Blueprint – Appendix E

MONITORING PLAN ELEMENT 14: COMMUNICATE RESULTS TO SUPPORT ACTION	
CRITERIA	✔
Establishes process for information sharing and communication with community throughout air monitoring.	☐
Indicates how results will be delivered to affected community, stakeholders, CARB, and other decision-makers (e.g., content, frequency).	☐
Details what information will be provided on district webpage (e.g., factsheets, notices, timeline, meeting agendas) and the frequency at which material and progress updates will be provided.	☐
Defines the format and schedule of reports.	☐

Results of Brainstorming from January 23, 2020 Meeting

Monitoring Plan Element 14
Communicate Results to Support Action

SACRAMENTO METROPOLITAN
AIR QUALITY
MANAGEMENT DISTRICT

Element 14: Sharing air monitoring data and results with community

Today's Exercise

**Suggestion:
Ad-hoc Group**

Prioritize Audience → Determine information, tools, and frequency → General outreach guidance → Work on details (e.g. types social media, languages, events, etc.)

District's Element 14 Commitments

All information (air quality data, results, and reports) or links to the information will be posted on the District Community Air Protection webpage: http://www.airquality.org/Air-Quality-Health/Community-Air-Protection.

General air quality information (Health effects of air pollution)	High level summary (Summary of overall findings)	Real-time hourly data	Preliminary laboratory data (Unreviewed toxics data)	Validated final data (Reviewed and quality assured toxics data)	Progress/final report (Complete report of overall findings)	Environmental Justice Information
Some information currently available on District's website	Available with progress and final reports	Available on CARB's AQView	Posted on District's website when available	Available on CARB's AQView	Annually	Provide links to CARB's EJ portal on District's Website

You decide on your TOP 4 priority audiences

Audiences from Brainstorming Exercise at January 23, 2020 Meeting

General population	Assisted living	Neighbors	Sporting Events
Youth Leaders	Churches	Local climate organizations	Senior mobile home sites
Children	Hospitals	Citizenship class (attendees)	Seniors/Elderly
Students	Asthma sufferers	Art walk (attendees)	Senior living facilities
Schools	Health fairs (attendees)	Parents	City/County government

**Determine for each priority audience
the most important information to share**

Choose what you think is the TOP 3 most effective ways to share or promote the information identified for each audience

Audience	Handouts (flyers, door hangers, pamphlets)	Social Media (Facebook, Twitter, Next door)	Websites (District's, CARB's, schools')	Community Events (neighborhood events, art walks)	Public Workshops/ Presentations (District, local government)	Radio/TV (News Conferences/ Announcements)	Others
Frequency							

Next Steps to Communicate Results

Today's Exercise

Suggestion: Ad-hoc Group

Prioritize Audience → Determine information, tools, and frequency → General outreach guidance into plan → Work on details (e.g. types social media, languages, events, etc.)
