Note: All presentations and meeting materials are available on the District website at <http://www.airquality.org/> under Community Air Protection and Steering Committee.

Meeting Summary: (Full meeting recording at:

https://www.youtube.com/watch?v=SKJOgCDsEtY&list=PLNre_OIBdXNm6rj7fOvJpn-Rg0j64i17l&index=6

The main agenda topics for this meeting were:

- Report back on:
 - Recent fires and how to access real-time air quality data
 - Summary of recent Technical Advisory Group (TAG) Design Team meeting
 - District presentation on Stationary Source Permitting and Compliance
- Continuing discussion on the AB 617 Budget and the impact on resources

Meeting Takeaways:

- The District reviewed the data and impacts of two recent fires in South Sacramento and the effects on local air quality.
- Vincent Valdez provided a summary of the first Technical Advisory Group (TAG) Design Team meeting. (Video recording of the TAG design meeting available here: https://www.youtube.com/watch?v=pk2FcLxPKx0&list=PLNre_OIBdXNm6rj7fOvJpn-Rg0j64i17l&index=5&t=0s)
- The District presented an overview on the stationary source permitting and compliance programs, inspections, major stationary sources in the community, which sources the District regulates, and how to file a complaint.
- Steering Committee members asked the District about several sources in the community and the emissions from those sources.
- The District reviewed the potential AB 617 budget impacts for the 2020/2021 fiscal year as a result of COVID-19, the effects on District staffing, and a choice of options for how many meetings the Committee may be able to hold in the coming year.
- Steering Committee decided to discuss amendments to the charter at the next meeting.

Action Items:

- District will contact the Committee members for suggestions on groups/voices they want to prioritize for filling vacancies on the Committee.
- The District announced they are looking into stipends for Steering Committee members and will bring more details at a later date.
- Stephanie Williams, Pat Shelby, and Bishop Chris Baker volunteered to form a subgroup to discuss charter amendments and bring suggestions to the next meeting.
- CARB will send copies of existing charters from other AB 617 groups to the Committee before the next meeting.

Steering Committee Decisions:

- A Steering Committee member proposed a motion to re-vote on the Community Air Monitoring Plan in order to change their vote. The Committee voted to not reopen this item for another vote. A note will be added to the June 23 meeting summary that a Steering Committee member was not aware of the final discussion on the CAMP and would like to change their vote to a “no”.
- The meeting notes from the June 23 Steering Committee meeting with amendments were approved unanimously.
