102 PUBLIC AGENCIES NOT EXEMPT: Federal, state or local government agencies or public agencies shall pay fees to the extent allowed under Chapter 2, Division 7, Title 1 of the Government Code (commencing with Section 6100) and Section 42311 of Division 26 of the California Health and Safety Code.

200 DEFINITIONS Unless otherwise defined below, the terms in this rule are defined in Rule 215, AGRICULTURAL PERMIT REQUIREMENTS AND NEW AGRICULTURAL PERMIT REVIEW.

201 CANCELED APPLICATION: Any application which has been withdrawn by the applicant.

202 CHANGE OF LOCATION: Any transfer of an existing permitted source from one location to another not on the same property or agricultural stationary source.

203 CHANGE OF OWNERSHIP: Any transfer of an existing permitted source from one person to another.

204 INITIAL PERMIT FEE: A fee for each new permit based on the type and size of the source.

205 PERMIT RENEWAL FEE: A fee required for the annual renewal of a permit.

300 STANDARDS

301 INITIAL PERMIT FEE FOR EXISTING AGRICULTURAL EMISSION UNIT: Every applicant for an agricultural permit for agricultural emission units that were in operation within Sacramento County prior to January 1, 2004 and complied with the application compliance timeframes in Section 402 of Rule 215, AGRICULTURAL PERMIT REQUIREMENTS AND NEW AGRICULTURAL PERMIT REVIEW, shall pay the permit renewal fee in Section 307 of this rule for the issuance of the permit.

302 INITIAL PERMIT FEE: Every applicant for a new or modified agricultural permit shall pay the initial permit fee in 307 or in 302.1, 302.2, 302.3, or 302.4 of this rule, as applicable, for the issuance of the permit.

302.1 Within 30 days of receipt of an application, the Air Pollution Control Officer may notify the applicant that, due to the complexity of the application, the permit processing fees shall be based on the actual hours spent by the District staff in evaluating the application and verifying compliance. This fee shall be assessed in accordance with the hourly rate established in Section 307.6. This estimate may include costs associated with planning meetings and/or design evaluations prior to actual submission of a complete application. The applicant may request a conference with the Air Pollution Control Officer to review the cost estimate. The applicant may propose to provide additional information with the application that would reduce the time spent by the Air Pollution Control Officer in reviewing the application. The Air Pollution Control Officer's cost estimate shall be reduced accordingly.

302.2 When an application is filed for a permit involving the modification of a permit subject to the fee in Section 307.2 or 307.3, the applicant shall pay the initial permit fee based on the rating of the new equipment(s) or on the increase in rating of the modified equipment(s).

302.3 When an application is filed for a revision of conditions on an agricultural permit not involving the modification of the agricultural emissions unit, the applicant shall pay a permit fee of $347.
302.4 When an application is filed for a permit involving the modification of a permit subject to the fee in Section 307.4 or 307.5, the applicant shall pay the renewal permit fee.

303 PERMIT RENEWAL FEE: Every holder of a permit shall pay a fee for the annual permit renewal. The permit renewal fee shall be the total of:

303.1 The Permit Renewal Fee indicated by the appropriate schedule of Section 307 of this rule, and

303.2 The calculated fee for the total tons of each pollutant emitted during the prior calendar year as indicated by the following table. The minimum fee shall be that for one ton per year. The total tons of each pollutant shall be the actual emission rounded up to the next whole ton.

303.3 The holder of permits with more than one anniversary date may request a common renewal date and those fees be prorated as necessary.

304 CANCELLATION, DENIAL OR WITHDRAWAL: If the application for a permit is canceled or denied, the fees paid shall not be refunded nor applied to any other application. Fees paid under Section 302.1 that are not used prior to an application being withdrawn by the applicant shall be refunded upon request.

305 REVOCATION: If a permit is revoked, the permit renewal fee applicable to that portion of the year during which the permit is invalid shall not be refunded nor applied to any other application.

306 CHANGE OF LOCATION OR OWNERSHIP: When an application is filed for a permit because the agricultural source has been moved to a new location, or ownership has been transferred from one person to another and an agricultural permit granted for such agricultural source has not been canceled under Section 401 of this rule, the applicant shall pay a permit fee equivalent to the permit renewal fee in Section 303 of this rule.

307 SCHEDULES FOR INITIAL PERMIT FEE AND PERMIT RENEWAL FEE:

307.2 SCHEDULE AG1, FUEL BURNING SCHEDULE: Any agricultural emission unit in which fuel is burned, with the exception of internal combustion engines which are covered in Schedule AG2, shall be assessed a permit fee which is the total of the following:

a. Except for incinerators which are covered in 307.2.b, a fee based upon the design fuel consumption of the equipment expressed in thousands of British Thermal Units (BTU) per hour, using gross heating values of the fuel, in accordance with the following schedule:

When multiple source tests are performed and the results submitted in one consolidated report, the source test fee of $1,394 shall apply to the first 10 hours of District work. Each additional hour or portion thereof required for reviewing the source test shall be charged the time and materials labor rate established in Section 307.6.

310 ANALYSIS FEES: Whenever the Air Pollution Control Officer finds that an analysis of the emissions from any agricultural emissions unit is necessary to determine the extent and amount of pollutants being discharged into the atmosphere which cannot be determined by visual observation, he may collect and analyze emissions samples. The cost of collecting samples, making the analysis and preparing the necessary reports shall be charged against the owner or operator of said source. The Air Pollution Control Officer shall provide the applicant with an estimate of the actual cost of such work. The applicant may request a conference with the Air Pollution Control Officer to review the cost estimate. If the fee is not paid by the specified due date, the fee shall be increased by one half the amount and the applicant/permittee shall be notified by mail of the increased fee. If the increased fee is not paid within 30 days after notice the application/permit will be canceled.

Consumer Price Index Adjustment: 7/1/19

October 26, 2006
CONSUMER PRICE INDEXING OF FEES: Permit fees may be adjusted on an annual basis. If the Air Pollution Control Officer anticipates the need for a change, the adjustment must initially be proposed as part of the annual budget process. The proposed rate change must meet the requirements of the California Health and Safety Code, including sections 41512.7(b) and 42311(a). The rate change must be noticed as part of the proposed and final budgets. If the Board of Directors approves a fee change with the final budget, the Air Pollution Control Officer may adjust fees by up to the maximum rate approved by the Board.

NEGOTIATED PAYMENT SCHEDULE: If a permitee certifies to the Air Pollution Control Officer’s satisfaction through declaration that payment in full of the permit fee(s) would result in undue financial hardship, the District may negotiate an amended fee payment schedule, provided that the amended schedule includes reimbursing the District for any increased costs of processing the extra payments. Failure to make any payments by any negotiated due date may result in penalties as otherwise authorized in this rule and/or cancellation of the permit.
