

ANNUAL REPORT – MULTIPLE ENGINES

_____ (enter year here)

Company Name: _____ **Permit(s) #:** _____

Facility Address: _____

Facility Contact: _____ **Facility Contact Title:** _____

Phone Number: _____ **E-Mail:** _____

Instructions:

- On the following pages, fill out the table with the requested information *for each engine* permitted at your facility.
- Indicate the permit number for the corresponding engine.
- Enter the quarterly and annual run times for each specified engine. If run times are not available, enter fuel usage to report engine operation. If run times are reported, you may leave the fuel usage section blank.
- If entering fuel usage, specify the fuel type (Diesel, Natural Gas, Propane, Gasoline, Waste Gas/Other) and the units of measurement (cubic feet, therms).
- Identify the location of the closest residence and business, by entering the distance (in feet) and the quadrant that best describes the location (NE, SE, SW, NW) for *diesel engines only*.

- Use the following diagram as a reference to determine the Quad Number in the direction of the closest residence or business.

- If distance information was submitted in prior reporting years and has not changed, you may indicate that in the table on the following page for the corresponding engine. **This information does not need to be reported again unless any changes in the distance information have occurred.**
