

MONETARY COMPONENT FORUMULA

Monetary Component Formula calculation steps:

- 1) Select violation category (max. daily penalty amount) using CHSC sections 42402 et. seq. **(V)**.
- 2) Select proper "gravity" level for each aggravation and mitigation factor.
- 3) Total each aggravation column and place summation in the AGG box.
- 4) Total each mitigation column and place summation in MIT box.
- 5) Subtract MIT from AGG and place remainder in the "total factor" multiplier box **(TF)**.
- 6) Determine the pollution factor, whether the violation resulted in a potential release of pollution **(PF)**.
- 7) Determine the classification factor, whether the violator is a small business or a resident **(CF)**.
- 8) Determine the number of days in violation **(ND)**.
- 9) Calculate the settlement offer using the formula: **(V) x (TF) x (ND) x (PF) x (CF) = \$**

Aggravation Factors				
	N/A	Low	Medium	High
1. Extent of Harm caused by violation	0	0.075	0.150	0.225
2. Nature and Persistence of Violation	0	0.075	0.150	0.225
3. Length of Time Violation Occurred	0	0.075	0.150	0.225
4. Past Violations	0	0.075	0.150	0.225
5. Economic Benefit of Noncompliance	0	0.075	0.150	0.225
Totals of Aggravation Columns				
AGG (Sum of Aggravation Totals): <input style="width: 80px; height: 20px;" type="text"/>				
Mitigation Factors				
	N/A	Low	Medium	High
6. Degree and Record of Maintenance	0	0.075	0.150	0.225
7. Factors Associated with Control Equipment	0	0.075	0.150	0.225
8. Action Taken To Mitigate Violation	0	0.075	0.150	0.225
9. Good Faith Effort to Comply	0	0.075	0.150	0.225
10. Financial Burden to Violation	0	0.075	0.150	0.225
Totals of Mitigation Columns				
MIT (Sum of Mitigation Totals): <input style="width: 80px; height: 20px;" type="text"/>				
TF = (AGG - MIT): <input style="width: 80px; height: 20px;" type="text"/>				
PF (No emissions release=0.5; All others=1): <input style="width: 80px; height: 20px;" type="text"/>				
CF (Resident=0.3; Small business=0.6; All others=1): <input style="width: 80px; height: 20px;" type="text"/>				
SETTLEMENT OFFER: <input style="width: 30px; height: 20px;" type="text"/> V x <input style="width: 30px; height: 20px;" type="text"/> TF x <input style="width: 30px; height: 20px;" type="text"/> PF x <input style="width: 30px; height: 20px;" type="text"/> CF x <input style="width: 30px; height: 20px;" type="text"/> ND = <input style="width: 30px; height: 20px;" type="text"/> \$
