### **The main agenda topics for this meeting were:**

- Steering Committee Closed Session (Steering Committee members only)
- Outreach Subcommittee
  - Report Back
  - Consideration of Funding
- Zoom Basics Training

### **Meeting Takeaways:**

- The District provided updates on the following:
  - The AB617 Convening will be held September 27<sup>th</sup> and 29<sup>th</sup> from 5:00pm - 8:00pm both evenings via Zoom. The event information was sent to all SC members and the registration link is available here: <https://attendify.co/the-past-present-and-future-of-ab-617-envisioning-a-way-forward-4AQRI0Q>.
- The District clarified between the quarterly Steering Committee meetings which will be hosted by the District and the monthly Community Engagement and Subcommittee meetings that will be hosted by the co-leads.
- Rhonda Henderson gave a report back on the Outreach Subcommittee's recent discussions. The Committee discussed whether to request more than the allocated \$5K to be dispersed to the subcommittee so they could work on multiple outreach tasks simultaneously. The Committee agreed to use an electronic voting system via email for approving expenses over a certain threshold to allow the group to move quickly and not have to wait for a formal vote at a monthly meeting.
- The Steering Committee requested that they need additional information from the District on the procurement process, collecting bids, and spending the funds or requesting reimbursement. The SC would like a threshold established for expenses under a certain amount that they will not need District approval to incur.
- The SC members agreed they would like to include the following in their request for proposals on developing a Steering Committee website: website security, managing and editing content, and graphic design.
- The zoom basics training did not occur due to lack of time and was instead agreed upon to hold the training first week in September for interested members.

### **Action Items:**

- The Outreach Subcommittee established a regular meeting time on the third Thursday of each month from 6:30pm – 8:00pm. All SC members and members of the public are welcome to join.
- The District will provide a cost estimate to the subcommittee for printing hard copies of wildfire flyers.

### **Steering Committee Decisions:**

- Since it was raised that there was only a verbal agreement to meet monthly, the Steering Committee officially proposed to continue with monthly community engagement meetings in addition to the quarterly meetings with the District and voted with a majority and 1 abstention to continue meeting on the fourth Tuesday of each month in between the quarterly meetings.
- The Steering Committee voted with a majority to approve Rhonda's proposal with a friendly amendment for an initial \$5K disbursement to the outreach subcommittee for the development of a Steering Committee website, an additional \$5K for other outreach efforts, and establish a threshold of \$500 for expenses that would require an email vote by the SC.
