7. Steering Committee further discussion
8. Steering Committee votes

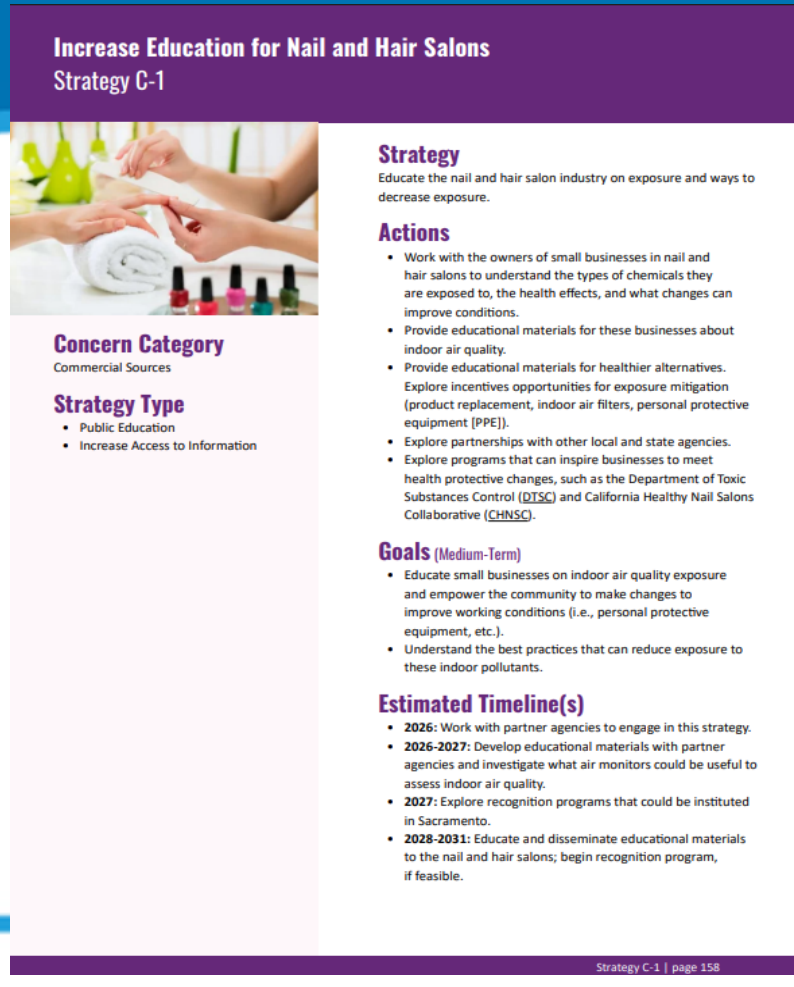

SACRAMENTO METROPOLITAN AIR QUALITY MANAGEMENT DISTRICT

Discussion Items

a. BERC Healthy Nail Salon Strategy
b. Visioning Meeting Discussion Items

CERP Strategy: Increase Education for Nail and Hair Salons

- Educate salons on indoor air quality
- Promote practices that reduce exposure
- Develop educational materials
- Partner with other agencies
- Explore recognition and incentives

Increase Education for Nail and Hair Salons
Strategy C-1

Concern Category
Commercial Sources

Strategy Type
- Public Education
- Increase Access to Information

Strategy
Educate the nail and hair salon industry on exposure and ways to decrease exposure.

Actions
- Work with the owners of small businesses in nail and hair salons to understand the types of chemicals they are exposed to, the health effects, and what changes can improve conditions.
- Provide educational materials for these businesses about indoor air quality.
- Provide educational materials for healthier alternatives. Explore incentives opportunities for exposure mitigation (product replacement, indoor air filters, personal protective equipment [PPE]).
- Explore partnerships with other local and state agencies.
- Explore programs that can inspire businesses to meet health protective changes, such as the Department of Toxic Substances Control (DTSC) and California Healthy Nail Salons Collaborative (CHNSC).

Goals (Medium-Term)
- Educate small businesses on indoor air quality exposure and empower the community to make changes to improve working conditions (i.e., personal protective equipment, etc.).
- Understand the best practices that can reduce exposure to these indoor pollutants.

Estimated Timeline(s)
- **2026:** Work with partner agencies to engage in this strategy.
- **2026-2027:** Develop educational materials with partner agencies and investigate what air monitors could be useful to assess indoor air quality.
- **2027:** Explore recognition programs that could be instituted in Sacramento.
- **2028-2031:** Educate and disseminate educational materials to the nail and hair salons; begin recognition program, if feasible.

Strategy C-1 | page 158

Partner with Business Environmental Resource Center (BERC)

- Partner with BERC on a Healthy Nail Salon Initiative
- Support healthier salons through education and best practices
- Encourage participation and engagement

Healthy Nail Salon Initiative

SACRAMENTO COUNTY

PROGRAM GOALS

Support healthier indoor air quality for salon workers and patrons through education and best practices.

THIS IS ACHIEVED THROUGH

Measurable criteria that designates a nail salon as a Sacramento County Sustainable Business.
