Steering Committee Meeting
Monday, October 27, 2025

Reunión del Comité Directivo
lunes, 27 de octubre, 2025

SACRAMENTO METROPOLITAN

AIR QUALITY
MANAGEMENT DISTRICT

Interpretation Logistics

Logística de interpretación

Welcome & Introductions

- a. Meeting Logistics
- b. Introductions and Community Event Announcements
 - a. Committee Roll Call
 - b. Facilitators, District Staff, CARB, Public Participants
 - c. Community Events

In-Person Reminders

We may pause and make adjustments throughout to ensure equitable engagement for in-person attendees

- **In-person attendees** – if you have a question or comment, please raise your hand or name placard

Order of questions and comments

1. Steering Committee in-person
2. Public in-person

Charter Code of Conduct

Members will

- Treat everyone with courtesy and respect
- Avoid personally attacking or demeaning anyone
- Avoid interrupting others who have the floor
- Avoid disrupting or delaying the meeting
- Strive to be fair and unbiased towards each other, the public, and the District
- Value each other's time and respect each other's opportunity to speak
- Strive to reach consensus, but agree to disagree if need be
- Listen courteously and attentively to the public
- Strive to hold each other accountable to the Code of Conduct

Agenda/Agenda

6:00 – 6:10 pm	Welcome and Introductions a. Meeting logistics b. Introductions and Community Event Announcements a. Committee Roll Call b. Facilitators, District Staff, CARB, Public Participants c. Community Events
6:10 – 6:20 pm	Administrative Items a. Approve Meeting Summary b. Membership Update
6:20 – 6:35 pm	Updates a. Outreach Subcommittee b. District
6:35 – 7:35 pm	CERP Strategy Prioritization Activity a. Presentation b. Activity
7:35 – 7:50 pm	Action Items a. Vote to Accept Results of Strategy Prioritization Activity
7:50 – 7:55 pm	New Business and Upcoming Meeting Topics
7:55 – 8:00 pm	Public Comments
8:00 pm	Adjourn

6:00 – 6:10 pm	Bienvenida e introducciones a. Logística de la junta b. Introducciones y anuncios de eventos comunitarios a. Repasar lista de comité b. Facilitadores, personal del distrito, CARB, público participante c. Eventos comunitarios
6:10 – 6:20 pm	Artículos administrativos a. Aprobar el resumen de la reunión b. Actualización de los miembros
6:20 – 6:35 pm	Actualizaciones a. Subcomité de Alcance b. Distrito
6:35 – 7:35 pm	Actividad de priorización de estrategias del CERP a. Presentación b. Actividad
7:35 – 7:50 pm	Artículos de Acción a. Votar para aceptar los resultados de la actividad de priorización de estrategias
7:50 – 7:55 pm	Nuevos asuntos y temas para futuras agendas
7:55 – 8:00 pm	Comentarios públicos
8:00 pm	Despedida

Introductions & Steering Committee Roll Call

Administrative Items

- a. Approve Meeting Summary
- b. Membership Update

Approve Meeting Summary

Membership Update

Updates

- a. Outreach Subcommittee
- b. District

Outreach Subcommittee Update

Discussed:

- **Status of Purchasing Outreach Materials**
- **ARC Fellows**
- **October 15, 2025 AB 617 Community Event**
- **October 18, 2025 ILG Convening**
- **Calendar of Events and Volunteers**

The Air We Share: A Community Conversation

Free Event - All are welcome!

Join us to learn, share, and take action for cleaner air in South Sacramento/Florin!

At this workshop you will:

- Learn about air quality data & ways to improve air quality
- Provide feedback and help us prioritize emissions reduction strategies for the Community Emissions Reduction Plan (AB 617)

**FREE FOOD,
GIFT CARDS,
& PRIZES!**

**Wednesday, October 15, 2025
5:30 PM - 8:00 PM**

**La Familia Maple
Neighborhood Center**
3301 37th Ave,
Sacramento, CA 95824

SAC METRO AIR DISTRICT
URBAN PLANNING & MOBILE SOURCES
STRATEGY OVERVIEW

Strategies	Community Interest
 Increase Public Ridership on Public Transportation within the Community	30
 Clean Mobility Options with Zero Emission Vehicles & Infrastructure	23
 Increase Tree Canopy	30
 Increase Community Input on Truck Routes	6
 Industrial and Warehouse Uses/Zoning	5
 Commercial Vehicle Replacement Program	11
 Safe and Resilient Streets	28
 Reducing Idling at Schools and Near Sensitive Receptors	4
 Deploy Portable Emissions Acquisition System (PEAQs) once/twice per year for 5 years (CARB)	2
 Roaming Idling Inspections During PEAQS Deployment	4
 Portable Air Monitoring Distribution Program	15

Institute for Local Government (ILG) Convening

- Learned and shared best practices with other AB 617 communities

Upcoming Events: Volunteers Requested

- **El Panteón de Sacramento: October 31st – Nov 2nd**
- **Grow the Block: The Great Tree Giveaway: Nov 2nd**
 - Discussed as an opportunity for early CERP action
- **Beyond the Court Community Resource Fair: Nov 22nd**

Urban Tree Canopy: Additional Early Action Item Commitment by Color of the Block

Action

- Partner with Color of the Block to distribute 300 trees to the South Sacramento – Florin Community

Metric:

- Distribute 300 tree to South Sacramento – Florin Area

Increase Tree Canopy	
+	
Concern Category:	Urban Planning
Strategy:	Increase tree canopies to provide more shade and cool surfaces in areas of concern and/or create vegetative barriers to protect communities from sources of pollution
	
Strategy Type:	• Public Outreach • Incentive Programs
Actions:	• Outreach and engage with business and private property owners to encourage new tree canopies and vegetative barriers on private properties and maintaining existing canopy • Identify areas of concern and potential project locations • Meet with local jurisdictions and CSC to discuss prioritized areas and develop a plan to increase tree canopies in areas of concern (e.g. parks, sidewalks, bus stop, etc.) • Fund South Sacramento Tree Alliance project that includes these elements: ◦ Plant 1000 trees in South-Sacramento Florin community, specifically Franklin Boulevard corridor area ◦ Implement outreach and education campaign (workshops, planting events) • Identify other sources of funding or programs available for tree planting/vegetative barrier projects ◦ When available, apply to fund new projects in the community • Design and launch Incentive Program ◦ Fund the design, planting, and maintenance of vegetative barriers between sources of pollution and communities ◦ Fund the design, planting, and maintenance of community greening programs to increase tree canopy in key locations to reduce urban heat island effect and increase active modes • Partner with Color the Block to distribute (3) trees to the South Sacramento-Florin Community

SACRAMENTO METROPOLITAN

District Updates

Resources: AB 617 Program Fundings

AB 617 ELEMENTS • Focus on Community Action

Sac Metro Air District AB 617 Funding

State legislature only provides partial funding and supplemented by other District funding

Incentive (Project) Funding

CERP strategies and projects can be funded by CAP incentives, CARB approval needed

Grant*	Amount (million)
FY 17/18	\$3.65
FY 18/19	\$14.02
FY 19/20	\$6.68
FY 20/21	No Funding
FY 21/22	\$7.25
FY 22/23	\$6.69
FY 23/24	\$6.52
FY 24/25	\$5.38
FY 25/26	TBD

*Includes administrative fee

Implementation Funding

Funding for District to implement AB617 program

Grant	Amount (million)
FY 17/18	\$0.86
FY 18/19	\$1.50
FY 19/20	\$1.25
FY 20/21	\$1.25
FY 21/22	\$1.25
FY 22/23	\$1.25
FY 23/24	\$6.58*
FY24/25	\$1.46
FY25/26	TBD

*Include one-time fund for CERP development

- **CERP Implementation**
- Staff time
- Administrative Costs
- Facilitation
- CSC Stipends
- Meeting expenses
- Air monitoring expenses (equipment, lab costs)
- Outreach
- Translation
- Interpretation services
- Data Analysis
- CEQA Analysis
- Training
- Enhanced Enforcement

SACRAMENTO METROPOLITAN

Cost to Implement Strategies – Five Years Estimate

Strategy Type	Staffing Costs (millions)	Supplies/ Services (millions)	Total (millions)
Incentive Strategies*	\$2.8	\$1.0	\$3.8
Non-Incentive based Strategies	\$1.5	\$1.0	\$2.5
Est. 5 Year Total		\$6.3 million	

***Most existing incentive programs can be covered by the administrative cost, new incentive programs require start up costs from implementation funds**

CERP Implementation*

*Contingent on AB 617 funding

AB 617 Funding – Budget Handout Key Takeaways

- There will be carryover funding from FY25/26 into the first year of CERP implementation to start work
- After the first year, if historical funding allocations do not increase, there will be a significant deficit in the program
- **Committed to doing as many strategies as funding allows, which is why we need to know the Steering Committee's priorities**

CERP Strategy Prioritization

2025 Timeline

	Year 2025	Draft Focus/Topics
Quarter 1 (Education/ Goals)	January	Adopt Draft CERP Timeline Air Pollution Emission Inventory & Air Quality Concerns
	February	CSC education on strategies (brainstorming discussions)
	March	Develop Air Quality Goals for the Plan
Quarter 2 (Strategy Development)	April	Strategy Development Presentation Team Breakout Groups • Expectations of the workgroup process (time to meeting, schedule, etc.) • Filling out the CERP strategy development forms • Develop a Quick-Win Strategy
	May (June 2)	Incentives Presentation (Projects Guidelines) Teams Breakout Workgroups (action, goal, timeline, metrics)
	June	Community Development Project Presentation Teams Breakout Workgroups (action, goal, timeline, metrics)
Quarter 3 (Report out & Feasibility)	July	Report out on Strategies from the workgroup teams
	August	Report out on Strategies from the workgroup teams
	September	Feasibility Assessment & Discussion
Quarter 4 (Prioritization and Finalization)	October	Priorities of Strategies (Confirm Air Quality Targets & and Metrics of Success)
	November	Finalize CSC Priority of Strategies & Goals
	December	CSC approves DRAFT CERP strategies for Public Comment

	Year 2026	Focus/Topics
Quarter 1 (Public Review)	January	Release Draft Document for Public Comment
	February	CSC and District Receives Public Comments and CSC/District Discuss responses/resolution to comments District revises plan based on CSC feedback
	March	FINAL CERP for <u>CSC Approval</u>
Quarter 2 (Adoption)	April	District posts CERP for Public Comments/District Board Approval
	May	FINAL CERP for <u>Air District Board Approval</u> (May 28, 2026)
	June	District Submits CERP to CARB by June 30, 2026

CERP Strategies

Urban Planning & Mobile

HULK

Deploy Portable Emissions Acquisition System (PEAQs)
Roaming Idling Inspections during PEAQS deployment
Increase clean mobility options for residents with zero-emission vehicles and charging infrastructure
Increase ridership on public transportation
Portable Air Monitor Distribution Program
Increase tree canopies
Reduce Idling at Schools and nearby Sensitive Receptors
Increase Community input on Truck Routes
Industrial and Warehouse uses/zoning (reduce impacts & locations)
Commercial Vehicle Replacement Program
Safe & Resilient Streets

Outreach

BLACK WIDOW

Participate in Outreach Events
Outreach through traditional and Social Media
Improve Awareness, Accessibility, and Transparency of Complaint Reporting System
Promote Air Quality Education in Schools
Build Relationships with Stakeholders and Community Members

Residential

THOR

Lawn and Garden Equipment
Electrification of Household Appliances
Clean Air Products
Portable Air Purifier
Air Filters in Public Spaces
Raise Awareness of Proper Mask and Air Purifier Use During Poor Air Quality

Commercial

IRON MAN

Public Transparency with Permitted Sources-Violations
Public Information Portal
Increase education for Nail and Hair Salons
Business Education and Business Information Sharing
Source Identification and Focused Enforcement
Incentives for small businesses

Reference Sheet

Incentive Strategies That Aligns With An Existing Air District Effort			
Strategy	Community Impact	Explanation	What is \$100k Worth? (Estimated)
Zero Emission Vehicles (ZEV)	Clean Cars 4 All 	- A no-scrap option for ZEV reduces emissions at a lower level compared to swapping out polluting vehicles. - ZEV benefits the overall community by replacing vehicles on the road with cleaner options.	10 electric vehicles
	e-Bikes 	e-Bikes allow more people the option of zero-emission mobility without loans, license, or insurance	50 e-Bikes with locks & helmets
Charging Infrastructure		- Chargers do not have a direct impact on air quality, but supports ZEV. - Increases public access to support ZEV transition in the community; provides options for those who cannot charge at home.	0.25 fast charger
Increase Tree Canopy		- Planting trees and vegetation have a lower direct impact on air quality. - In the long term, trees and vegetation helps shaded vehicles pollute less, extends pavement life, and keeps the community cooler.	20-100 trees
Commercial Vehicle Replacement		- Replacing commercial vehicles with clean technology will improve air quality; swapping larger vehicles are more cost-effective. - It reduces community exposure to air pollutants and noise.	0.5 trucks ---OF--- 0.25 bus
Residential & Commercial Lawn & Garden		- Battery electric equipment will most cost-efficiently improve air quality. - This strategy provides shared public access to check-out equipment and have an opportunity to get assistance for ownership.	260 residential lawn mowers ---OF--- 5 riding mowers
Electrification of Household Appliances SMUD Energy Saver Bundle		- Improves localized indoor air quality, with low impact to outdoor air quality. - Households will reduce exposure and public will get education on indoor air quality.	1 home ---OF--- 20 water heaters

Incentive Strategies Requiring A New Program To Be Created			
Strategy	Community Impact	Explanation	What is \$100k Worth? (estimated)
Incentives for Small Businesses	Nail & Hair Salons 	- Improves localized indoor air quality, but no impact to outdoor air quality. - Customers and employees in participating businesses will share exposure reduction benefits.	2 nail salons
	Autobody Shops 	- Reduces Volatile Organic Compounds (VOCs), which are a component of ozone - Business employees and surrounding community will share exposure reduction benefits.	1-3 autobody shops
Portable Air Filters		- Improves localized indoor air quality, but no impact to outdoor air quality. - Participating households will benefit and the general public will receive more education on indoor air quality.	300 portable air filter & 2 pack of filters each
Air Filters in Public Spaces		- Improves localized indoor air quality, but no impact to outdoor air quality. - Improves indoor air quality for sensitive groups and reduces exposure.	10 public spaces (school, community center, library, etc.)
Electrification of Household Appliances	Electric Insert Fireplace 	- Fireplace change-out are very effective and cost-efficient at improving air quality. - Public shares a high rate of exposure reduction since smoke is not being released into the air.	55 electric insert fireplaces
Increase Public Ridership		- Reduces # of vehicles traveled in the community, which improves air quality. - Public shares benefits for exposure reduction and access to mobility options.	Transportation Demand Management (TDM) Services* for 4,000 homes
Portable Air Sensor		- Measures outdoor air quality, but no direct impact. - Lower impact in community because there are existing sensors in community. - May create awareness to change behaviors such as walking or carpooling.	100-200 air sensors
Safe & Resilient Streets	Quick Builds 	- Increases safety for active modes, which supports mode shift from driving. - The public will share co-benefits of having safer streets for mobility options.	1 location

*TDM Services provide shared sustainable mobility options to reduce single-occupancy vehicle travel. Examples include: car/van-pool programs, public transit incentives, shuttle services, or guaranteed ride home programs.

Early Strategies

Key	Commercial Source Strategies	Residential Source Strategies
	Outreach Strategies	Urban Planning & Mobile Sources Strategies

Deploy Portable Emissions Acquisition System (PEAQs) once/twice a year for 5 years

Roaming idling inspections during PEAQS deployment

Participate in Outreach Events

Outreach through traditional and social media

October Implementation Funding Prioritization Activity

**Prioritize your first
10 strategies**

Residential Lawn and Garden		

Now we have prioritized, what next?

District will evaluate the priorities against the following criteria after we know the CSC Priorities.

Three Considerations for final prioritization:

- 1) CSC Priorities of Strategies
- 2) Resources – Funding
- 3) District capacity to develop and implement the combination of strategies all at once, or in a certain order

November Activity

CAP Funding Incentives

1 star = \$100K

Outdoor Air Quality Benefit

General Public Health, Exposure,
& Community Benefit

Strategy	Funding Priority (Allocations)	Outcomes
Zero Emissions Vehicles: CC4A		 
Commercial Vehicle Replacement		 
Residential & Commercial Lawn & Garden		 
Increase Tree Canopy (Urban Greening)		 
Safe and resilient streets		 

CERP Strategy Prioritization Activity – Priority 1

CERP Strategy Prioritization Activity – Priority 2

Action Items

- a. Vote to Accept Results of Strategy Prioritization Activity

Vote to Accept Results of Strategy Prioritization Activity

1. Item Presentation

2. Steering Committee Discussion

3. Steering Committee motion to vote

4. Steering Committee seconds motion

5. Public Comment on Action Item

6. Steering Committee closes Public Comment for Action Item

7. Steering Committee further discussion

8. Steering Committee votes

The background is a solid blue color with several horizontal, wavy lines in varying shades of blue, creating a layered, ocean-like effect. The lines are more pronounced in the lower half of the image.
