

CELEBRATING OUR CLEAN AIR ACHIEVEMENT

AUGUST 21 AT 10AM | FOLSOM CITY HALL, 50 NATOMA STREET, FOLSOM

The Sacramento Metropolitan region has met the 2008 health-based, ground-level ozone standard by the 2024 deadline. This milestone means that our residents breathe cleaner air, our businesses avoid additional requirements, and our region continues to receive economic support for future transportation and development projects.

Event Information

Press conference

August 21, 2025 at 10 a.m.

Folsom City Hall & Air Monitoring Station
50 Natoma Street, Folsom

Master of Ceremonies

Sac Metro Air District Executive Director Alberto Ayala

Speakers

- Sac Metro Air District Chair & City of Folsom Mayor Sarah Aquino
- EPA Region 9 Administrator Josh Cook
- California Air Resources Board Member Eric Guerra
- Sac Metro Chamber President & CEO Robert Heidt
- Placer County Health & Human Services Director Dr. Rob Oldham

Audience: Board Members representing the five Air Districts of the Sacramento region, business leaders, elected officials, community partners & regional residents.

Tours: Following the press conference, small group tours of the Folsom Air Monitoring Station will be offered. Light refreshments will also be served.

Join us in celebrating this major step toward a cleaner, healthier Sacramento region.
