

APPLY NOW!

SAC METRO AIR DISTRICT ACCEPTING APPLICATIONS FOR COMMUNITY CLEAN FREIGHT TRUCK SOLICITATION

Apply now through **December 16, 2019** for funds to replace your current diesel truck with new advanced technology near-zero emission natural gas, electric or hydrogen freight trucks.

- Each new truck will receive an incentive between **\$80,000 - \$200,000** off the purchase price based on the technology and truck size.
- No funding is available for diesel or hybrid trucks.

Join us at an applicant workshop to learn more and get help with your application:

- **Monday, November 4**
4:00 – 7:00 p.m.
- **Southgate Library Community Room**
6132 66th Ave.
Sacramento

APPLICATION DEADLINE: DECEMBER 16, 2019

Funds for all approved projects are provided through the Community Air Protection Program (CAP). Visit www.AirQuality.org/CCFTS for more information and application details.

PROJECT REQUIREMENTS

OLD VEHICLE DETAILS

- ✓ Privately owned heavy-duty diesel vehicle with a Gross Vehicle Weight Rating (GVWR) of 16,001 lbs. or greater.
- ✓ Engine must be 2007-2009 only and powered by diesel fuel.
- ✓ Old vehicle must operate at least 20,000 miles per year for Class 7 & 8 trucks and 10,000 miles per year for Class 5 & 6 trucks in California.
- ✓ Applicants must be fully compliant with the 2020 requirements of the Air Resources Board Truck & Bus Regulation.

APPLICATION RANKING PROCESS

Applications will be ranked to determine which projects will receive funding. Projects will be evaluated by staff and the community based on these specifications:

- Zero emission projects receive priority
- Projects based and operating in an identified CAP air monitoring community
- Projects with significant operation in a disadvantaged community as identified by CalEnviroScreen3.0
- Projects that provide other benefits to the community
