California Air Resources Board
Dr. Steven Cliff
P.O. Box 2815
Sacramento, CA 95812

SUBJECT: 2015 NAAQS 8-Hour Ozone Attainment and Reasonable Further Progress Submittal Letter

Dear Mr. Cliff,

The Yolo-Solano Air Quality Management District is submitting this letter to request that the California Air Resources Board submit to US EPA Region 9 the following 2015 NAAQS 8-Hour Ozone Attainment and Reasonable Further Progress for the Sacramento Federal Ozone Nonattainment Area:

Resolution Number	Title	Date Adopted
Resolution No. 23-12	2015 SACRAMENTO REGIONAL 8-HOUR OZONE ATTAINMENT AND REASONABLE FURTHER PROGRESS PLAN	October 11, 2023

The submittal package was sent to CARB via electronic mail today.

Thank you for your assistance in this matter. If you have questions concerning this matter, please contact Benjamin Beattie at (530) 757-3667.

Sincerely,

 (Oct 12, 2023 08:47 PDT)

Gretchen Bennitt,

Air Pollution Control Officer

SIP COMPLETENESS CHECKLIST

AQPSD/AQPB-011 (REV. 07/2022) PAGE 1 OF 3

All rules submitted to the U.S. Environmental Protection Agency (U.S. EPA) as State Implementation Plan (SIP) revisions must be supported by certain information and documentation for the rule packages to be deemed complete for review by the U.S. EPA. Rules will not be evaluated for approvability by the U.S. EPA unless the submittal packages are complete. To assist you in determining that all necessary materials are included in rules packages sent to CARB for submittal to the U.S. EPA, please fill out the following form and include it with the rule package you send CARB. See [40 CFR 51, Appendix V](#). Adopted rules and rule amendments should be checked against U.S. EPA's [Guidance Document for Correcting Common VOC & Other Rule Deficiencies \(AKA, The Little Bluebook\) \(epa.gov\)](#) (Little Blue Book, August 21, 2001) to ensure that they contain no elements which will result in disapproval by U.S. EPA.

District: Yolo-Solano Air Quality Management District
Rule No.: 2015 SACRAMENTO REGIONAL 8-HOUR OZONE ATTAINMENT AND REASONABLE FURTHER PROGRESS PLAN
Rule Title: n/a
Date Adopted or Amended: October 11, 2023

CHECKLIST

Note: All documents should be in electronic format. Items that have signatures, initials, or stamps may be scanned.

Attached	Not Attached	N/A	ADMINISTRATIVE MATERIALS
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	COMPLETE COPY OF THE RULE: Provide an unmarked copy of the entire rule as adopted or amended by your District Board.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	UNDERLINE AND STRIKEOUT COPY OF THE RULE: If an amended rule, provide a complete copy of the rule indicating in underline and strikeout format all language which has been added, deleted, or changed since the rule was last adopted or amended.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	COMPLETE COPY OF THE REFERENCED RULE(S): For any rule which includes language specifically referencing another rule, a copy of that other rule must also be submitted, unless it has already been submitted to U.S. EPA as part of a previous SIP submittal.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	PUBLIC NOTICE EVIDENCE: Include a copy of the local newspaper clipping certification(s), stating the date of publication, which must be at least 30 days before the hearing. As an alternative, include a copy of the actual published notice of the public hearing as it appeared in the local newspaper(s). In this case, however, enough of the newspaper page must be included to show the date of publication. The notice must specifically identify by title and number each rule adopted or amended. The public notice must adhere to the California Health and Safety Code , Sections 40725 through 40727, including 40727.2(f).

SIP COMPLETENESS CHECKLIST

Attached	Not Attached	N/A	ADMINISTRATIVE MATERIALS
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	RESOLUTION/MINUTE ORDER: Provide the Board Clerk certified resolution or minute order. This document must include certification that the hearing was held in accordance with the information in the public notice. It must also list the rules that were adopted or amended, the date of the public hearing, and a statement of compliance with California Health and Safety Code Sections 40725-40728 .
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	PUBLIC COMMENTS AND RESPONSES: Submit copies of written public comments made during the notice period and at the public hearing. Also submit any written responses prepared by the District staff or presented to the District Board at the public hearing. A summary of the public comments and responses is adequate. If there were no comments made during the notice period or at the hearing, please indicate N/A to the left.

Attached	Not Attached	N/A	TECHNICAL MATERIALS
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	RULE EVALUATION FORM: See instructions for completing the Rule Evaluation Form and the accompanying sample form.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	NON-EPA TEST METHODS: Attach all test methods that are referenced in your rule that do not appear in 40 CFR 51, 60, 61, 63, or have not been previously submitted to U.S. EPA. U.S. EPA methods used in other media such as SW846 for solid waste are not automatically approved for air pollution applications. Submittal of test methods that are not EPA-approved should include the information and follow the procedure described in Region 9's "Test Method Review & Evaluation Process."
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	MODELING SUPPORT: Provide if appropriate. In general, modeling support is not required for VOC and NOx rules to determine their impacts on ozone levels. Modeling is required where a rule is a relaxation that affects large sources (≥100 TPY) in an attainment area for SO ₂ , directly emitted PM ₁₀ , CO, or NO _x (for NO ₂ purposes). In cases where U.S. EPA is concerned with the impact on air quality of rule revisions which relax limits or cause a shift in emission patterns in a nonattainment area, a reference back to the approved SIP will be sufficient provided the approved SIP accounts for the relaxation and provided the approved SIP used the current U.S. EPA modeling guidelines. If current U.S. EPA modeling guidelines were not used, then new modeling may be required.

SIP COMPLETENESS CHECKLIST

Attached	Not Attached	N/A	TECHNICAL MATERIALS
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>ECONOMIC AND TECHNICAL JUSTIFICATION FOR DEVIATIONS FROM U.S. EPA POLICIES: The District staff report or other information included with the submittal should discuss all potential relaxations or deviations from RACT, RACM, BACT, BACM, enforceability, attainment, RFP, or other relevant U.S. EPA requirements. This includes, for example, demonstrating that exemptions or emission limits less stringent than the presumptive RACT (e.g., a CTG) meet U.S. EPA's 5 percent policy, and demonstrating that all source categories exempted from a RACM/BACM rule are the minimum according to U.S. EPA's RACM/BACM policy.</p>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>ADDITIONAL MATERIALS: Provide District staff reports and any other supporting information concerning development of the rule or rule changes. This information should explain the basis for all limits and thresholds contained in the rule.</p>

RESOLUTION NO. 23-12

RESOLUTION ADOPTING 2015 SACRAMENTO REGIONAL 8-HOUR OZONE ATTAINMENT AND REASONABLE FURTHER PROGRESS PLAN

WHEREAS, the United States Protection Agency (USEPA) promulgated the 2015 National Ambient Standard (NAAQS) for ozone on October 26, 2015, with an 8-hour averaging time of 70 parts per billion (ppb)(80 Federal Register (FR) 65292); and,

WHEREAS, the Sacramento Federal Nonattainment Area (SFNA) is comprised of Sacramento and Yolo counties, western portions of El Dorado and Placer counties, the southern portion of Sutter County, and the northeastern portion of Solano County (83 FR 25776 - 25848, June 4, 2018); and

WHEREAS, the ozone concentrations in the SFNA exceed the primary NAAQS for the 2015 8-hour ozone standard, and the SFNA is currently designated nonattainment for ozone with a “serious” classification, which has an attainment deadline of August 3, 2027 (86 FR 59648-59651, October 28, 2021); and,

WHEREAS, preliminary photochemical modeling results do not support the attainment of the standard by the “serious” classification attainment date. The SFNA air districts have voluntarily requested a reclassification to “severe” with an attainment deadline of August 3, 2033. This request is pending EPA action; and,

WHEREAS, the USEPA promulgated the 2015 Ozone NAAQS Nonattainment Area State Implementation Plan Requirements Rule, which includes requirements pertaining to attainment demonstration, reasonable further progress (RFP) toward attainment, reasonably available control measures (RACM), emissions inventories, contingency measures, and the timing of State Implementation Plan (SIP) submissions (83 FR 62988 - 63036, December 6, 2018); and

WHEREAS, the SFNA air districts have prepared the Sacramento Regional 2015 NAAQS 8-Hour Ozone Attainment and RFP Plan to satisfy the attainment and RFP demonstration requirements associated with the “severe” classification (Clean Air Act (CAA) Sections 172(c) and 182); and,

WHEREAS, the Plan uses a 2017 base year and provides emissions inventory forecasts for volatile organic compounds (VOC) and nitrogen oxides (NOX) (ozone precursor pollutants) for 2023, 2026, 2029, and 2032; and,

WHEREAS, photochemical modeling conducted by the California Air Resources Board (CARB) indicated that the combined reductions from existing local strategies, regional, state, and federal control measures, and new State control measure commitments are sufficient to demonstrate attainment by 2032 and that no new regulatory VOC or NO_x control measures at the regional and local level are proposed for this Plan; and,

WHEREAS, the 2032 attainment year is the year before the regulatory attainment date of August 3, 2033, for a "severe" nonattainment area (CAA Sections 172a(2)(A) and 181); and,

WHEREAS, the Plan demonstrates that existing control programs and new State control measure commitments will provide the future VOC and NO_x emission reductions necessary to meet the federal CAA requirements for reasonable further progress of reducing emissions by at least 3% each year and demonstrated RFP at the 2023, 2026, and 2029 milestone years, and 2032 attainment year (CAA Section 182a(c)(2)(B)); and,

WHEREAS the RACM analysis showed that the estimated emission reductions from potential control measures remain less than the threshold for advancing attainment; and,

WHEREAS, the Plan sets motor vehicle emissions budgets (MVEBs) for 2023, 2026, 2029, and 2032, and the budgets are consistent with the emissions inventories and applicable RFP and attainment requirements (CAA Section 176); and,

WHEREAS, the Yolo-Solano Air Quality Management District commits to amend the architectural coating rule (Rule 2.14) to include contingency measure provisions and will evaluate additional potential options for contingency measures after EPA finalizes the contingency measures guidance; and,

WHEREAS, Staff published a notice of public hearing for the Plan on September 8, 2023, and September 9, 2023, inviting public comments and providing a 30-day period to submit written comments on the Plan; and,

WHEREAS, the District Board held a public hearing on October 11, 2023, to accept public testimony on the proposed Plan.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Yolo-Solano Air Quality Management District hereby adopts the Sacramento Regional 2015 NAAQS 8-Hour Ozone Attainment and Reasonable Further Progress Plan, including the 2017, 2023, 2026, 2029, and 2032 emissions inventories, photochemical modeling results, attainment demonstration,

reasonable further progress demonstrations for 2023, 2026, 2029, and 2032, and motor vehicle emissions budgets for milestone years 2023, 2026, and 2029 and attainment year 2032; and,

BE IT FURTHER RESOLVED that the Plan meets the State Implementation Plan (SIP) requirements in the federal Clean Air Act Section 110, and the SIP planning requirements for nonattainment areas in CAA Sections 172, 176, 181, and 182 and 40 CFR Part 51 Subpart CC; and,

BE IT FURTHER RESOLVED that the adoption of the proposed Plan is exempt from the California Environmental Quality Act under California Code of Regulations, Title 14, Chapter 3, §15061(b)(3) and 15308,

FINALLY BE IT RESOLVED, that the Board directs staff to forward this Resolution and all necessary supporting documents to the California Air Resources Board for transmittal to the U.S. Environmental Protection Agency to satisfy the requirements of the Clean Air Act.

PASSED AND ADOPTED by the Board of Directors of the Yolo-Solano Air Quality Management District this 11th day of October 2017, by the following vote:

Ayes: Barajas, Brown, Ernest, Fernandez, Frerichs, Kott, Mashburn, Partida, Provenza, Scianna, Vasquez, Wylie

**NOTICE OF PUBLIC HEARINGS TO ADOPT
SACRAMENTO REGIONAL 2008 NAAQS 8-HOUR OZONE ATTAINMENT AND REASONABLE FURTHER
PROGRESS PLAN (SIP)**

Date: Wednesday, October 11, 2023

Time: 9:00 A.M.

Location: Offices of the Yolo-Solano Air Quality Management District
1947 Galileo Court, Suite 103, Davis, CA 95618

The Yolo-Solano Air Quality Management District (YSAQMD) will hold a public hearing to consider adoption of the Sacramento Regional 2015 National Ambient Air Quality Standard (NAAQS) 8-Hour Ozone Attainment and Reasonable Further Progress Plan (Plan). The Plan geographically covers the Sacramento Federal Nonattainment Area (SFNA) which includes all of Sacramento and Yolo counties, and portions of Placer, El Dorado, Solano, and Sutter counties. Each air district in the SFNA are holding separate public hearings to adopt this Plan.

The Plan documents how the region is meeting requirements under the Clean Air Act in demonstrating reasonable further progress and attainment of the 2015 NAAQS of 70 parts of ozone per billion.

The YSAQMD Board of Directors will consider the adoption of the Plan during this public hearing. Copies of this notice, the Plan and its appendices can be accessed here:

All interested parties are requested to provide comments on the Plan. Oral and written testimony may be made at the District Board of Directors public hearing on October 11, 2023. Written comments must be received at or before the YSAQMD Board Hearing and should be made to:

Mr. Benjamin Beattie
YSAQMD
1947 Galileo Court, Suite 103
Davis, CA 95618
Or Email: bbeattie@ysaqmd.org

All public comments and responses will be included as part of the Plan submittal to the California Air Resources Board and the USEPA. For additional information, please contact Benjamin Beattie at (530) 757-3667.

STATE OF CALIFORNIA
COUNTY OF SOLANO, S.S.

I am a citizen of the United States. I am over the age of eighteen years and not a party to or interested in the above-entitled matter. I am the Legal Advertising Clerk of the printer and publisher of the Vacaville Reporter, a newspaper published in the English language in the Cities of Vacaville and Dixon, County of Solano, State of California.

I declare that the Vacaville Reporter is a newspaper of general circulation as defined by the laws of the State of California as determined by this court's order dated June 18, 1952 in the action entitled In the Matter of the Ascertainment and Establishment of the Standing of the Vacaville Reporter as a Newspaper of General Circulation, Case Number 25888. Said order states "Vacaville Reporter" has been established, printed and published in the Cities of Vacaville and Dixon, County of Solano, State of California; That it is a newspaper published daily for the dissemination of local and telegraphic news and intelligence of general character and has a bona fide subscription list of paying subscribers; and...THEREFORE, IT IS ORDERED, ADJUDGED AND DECREED:...That "Vacaville Reporter" is a newspaper of general circulation for the City of Vacaville and Dixon, County of Solano, California. Said order has not been revoked.

I declare that this notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to wit:

09/09/2023

I certify (or declare) under penalty of perjury that the foregoing is true and correct.

Dated at Vacaville, California, this

NOTICE OF PUBLIC HEARINGS TO ADOPT SACRAMENTO REGIONAL 2008 NAAQS 8-HOUR OZONE ATTAINMENT AND REASONABLE FURTHER PROGRESS PLAN (SIP)

Date: Wednesday,
October 11, 2023
Time: 9:00 A.M.
Location: Offices of
the Yolo-Solano Air
Quality Management
District
1947 Galileo Court,
Suite 103, Davis, CA
95618

The Yolo-Solano Air Quality Management District (YSAQMD) will hold a public hearing to consider the adoption of the Sacramento Regional 2015 National Ambient Air Quality Standard (NAAQS) 8-Hour Ozone Attainment and Reasonable Further Progress Plan (Plan). The Plan geographically covers the Sacramento Federal Nonattainment Area (SFNA) which includes all of Sacramento and Yolo counties, and portions of Placer, El Dorado, Solano, and Sutter counties. Each air district in the SFNA is holding separate public hearings to adopt this Plan.

The Plan documents how the region is meeting requirements under the Clean Air Act in demonstrating reasonable further progress and attainment of the 2015 NAAQS of 70 parts of ozone per billion.

The YSAQMD Board of Directors will consider the adoption of the Plan during this public hearing. Copies of this notice, the Plan and its appendices can be ac-
