WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District is authorized to adopt, amend or repeal rules and regulations by Sections 40001, 40702, and 41010 of the California Health and Safety Code (Health and Safety Code Section 40727(b)(2)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that the amendment of Rule 801 – NEW SOURCE PERFORMANCE STANDARDS of the District Rules and Regulations is necessary to incorporate changes made by the U.S. Environmental Protection Agency and to streamline execution of the authority delegated to the District under Section 111(c) of the federal Clean Air Act (Health and Safety Code Section 40727(b)(1)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that the meaning of amended Rule 801 can be easily understood by the persons directly affected by it (Health and Safety Code Section 40727(b)(3)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that the rule amendments are in harmony with, and not in conflict with or contradictory to, existing statutes, court decisions, or state or federal regulations (Health and Safety Code Section 40727(b)(4)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that although the rule amendments duplicate federal regulations, they are necessary and proper to allow the District to retain its delegated authority to implement and enforce the federal program (Health and Safety Code Section 40727(b)(5)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that amended Rule 801 implements Section 111(c) of the federal Clean Air Act, which authorizes adoption of the New Source Performance Standards program by states and local districts (Health and Safety Code Section 40727(b)(6)); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that amended Rule 801 is a verbatim incorporation by reference of federal New Source Performance Standards and may be exempted by Section 40727.2(g) of the California Health and Safety Code from the written analysis requirements imposed by Section 40727.2(a)-(f) (Health and Safety Code Section 40727.2); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District has determined that because amended Rule 801 is a verbatim adoption of federal requirements it may be exempted, under Section 40728.5(e) of the California Health and

Safety Code, from the requirement to perform a socioeconomic impact analysis (Health and Safety Code Section 40728.5); and

WHEREAS, the Board of Directors of the Sacramento Metropolitan Air Quality Management District held a duly noticed public hearing on March 27, 2008, and considered public comment on the proposed amendment of Rule 801 (Health and Safety Code Sections 40725 and 40726); and
