

Compliance Assistance Advisory

Advisory # 2024-01

Subject: 2023 Annual Reporting Reminder

Date: January 2024

2023 ANNUAL REPORTING DUE

This is a reminder that it is time to submit your 2023 Annual Report!

Annual Reports are due Wednesday, January 31, 2024.

The Sac Metro Air District (District) tracks air pollution emissions from permitted facilities through our Annual Reporting program. Emission information helps us understand local air quality and whether the region meets air quality goals.

All forms and additional information can be found at the Annual Reporting webpage:

www.AirQuality.org/AnnualReporting.

Many of your questions can be answered by visiting this site. You can also find a list of all permits on the Annual Reporting webpage. We recommend you look here first before calling our hotline.

Stationary sources that need to report in the Emission Inventory Program will receive a separate letter with more instructions and details on permits and reporting requirements.

If you still have questions or need help, please contact us at compliance@airquality.org or call us at 279-207-1122, ext. 14.

**Thank you for your efforts to stay in compliance with your permit
and support our clean air goals.**
