

**FORM GDU100 – GLYCOL DEHYDRATION UNITS  
 OIL AND GAS OPERATIONS**

Submit this supplemental equipment form (Form **GDU100**) attached to Form **OG100** to permit **Glycol Dehydration Units** that are part of the facility (for newly permitted facilities) or part of a proposed project (for existing permitted facilities adding/modifying equipment). Submit one form for each **Glycol Dehydration Unit**. Include manufacturer specifications (if available) as an attachment to this form.

**1. Facility Name:**

**2. Pad ID as Given in Form OG100:**

**3. Glycol Dehydration Unit:**

**Dehydrator:**

Manufacturer:

Model:

**Gas Compressor:**

Type:  IC Engine  Electric Motor  Other \_\_\_\_\_

Rating:  HP

**Reboiler:**

Type of Fuel:  PUC Natural Gas  Process Gas Stream  LPG  Electric

Rating:  MMBtu/hr      Sulfur Content:  gr/100 cf

**Glycol Pump:**

Type:  Electric  Gas Driven  Other \_\_\_\_\_

Rating:  HP      Capacity:  Gallons per minute (gpm)

**Precess Tanks:**

Tank Name/ID	Capacity (Barrels)	Max Daily Throughput (Barrels/Day)	Max Quarterly Throughput (Barrels/Quarter)
